

waste

# FenceLine

RENTALS LTD.

FenceLine provides waste disposal and recycling containers for any type of commercial, construction, or residential project, in Edmonton and surrounding areas. We offer a single point of contact, with great customer service and full disclosure pricing. Whether you are doing spring cleaning, renovating your home, or have a large industrial project, you can rely on FenceLine to meet your waste and recycling needs.

## OUR PRODUCTS

### ROLL-OFF BINS

- 12 to 40 cubic yard bins
- Lidded bins available

### HOPPER BINS

- 4 and 7 cubic yard compact bins
- Great for small spaces, can be easily moved, and save time and labour costs
- Scheduled waste collection programs available

### GENERAL RECYCLING

- We can recycle all types of construction and demolition materials
- Great rates for concrete recycling, credits for scrap metal recyclables

## LEED

- We can tailor a recycling program that meets your project's LEED requirements
- Choose from our One-Bin Solution or single commodity recycle bins
- Our experience with local LEED projects will help make your next LEED project hassle-free!

## ONE-BIN SOLUTION

- A perfect choice that meets your recycling needs when site space is at a premium
- We make sure that all recyclable materials are sorted and accounted for in our reports

## REPORTING

- Our all-digital reporting system can schedule, track, and send any reports you need for your project, or to obtain LEED credits
- Reports can be customized as per your specifications (e.g., load type, tonnage, time period, cost summary)
- Our fleet is GPS-enabled so we can ensure your service is on time, every time
